SUMMARIES

My major is in Information Technology and development. Right now I'm just looking for an opportunity to apply all my skills I've learnt. In particular, the fields of IT and development are very appealing. Also, as long as I can contribute to the industry and make it better.

EXPERIENCES

CITYSCAPE ASSET DEVELOPER

Pentalight Technology Sdn Bhd Aug 2019 - Present

- 1.To design,construct,code and debug the various automation and control elements for data manipulation in User interface,either in UNITY,android or OS.
- 2.To design and construct a multitude of 3D assets.
- 3.To collaborate in the construction of Virtual Reality(VR) and Augmented Reality (AR) or Mixed Reality using Unity Engine.
- 4.To code, debug and integrate physical or virtual interactive equipement within UNITY.
- 5.To code, debug and develop link and causality between virtual interface in UNITY and Field Equipment(Interactive Virtual Reality).
- 6.To design ,construct and debug any virtual environment for remote control,training and simulation.
- 7.To represent company in international research collabration.

EXPERIENCES

FREELANCE 3D MODELER

TNB Intergrated Learning Solution-ILSAS

Jun 2018- Oct 2018

To do 3D Modelling and texturing for 9 model for project Distribution Automation(DA) VR SCADA. list model :

- 1.RTU
- 2.2.FTU
- 3.Substation
- 4.MRMU
- 5.VCB
- 6.Fault Indicator
- 7.LV Board
- 8.Battery Charger
- 9.IT Com Box

INTERNSHIP TRAINEE

TNB Intergrated Learning Solution-ILSAS

Feb 2018- May 2018

- 1.To do 3D modelling and texturing.List of model
 - Gauge Glass.
 - Power Plant.
 - IBPA Award.
 - Model Component.
- 2.To learn Substation equipment.
- 3.To demo Virtual Reality(VR) at VR awareness.
- 4.To do marketing for UNITY training project.
